Dear Parents/Guardians,

New York State law requires a health examination for all students **entering the school district for the first time and when entering Pre-K or K, 1st, 3rd, 5th, 7th, 9th, and 11th grade.**

The examination must be completed by a New York State licensed physician, physician assistant or nurse practitioner.

A dental certificate which states your child has been seen by a dentist or dental hygienist is also asked for at the same time. The school will provide you with a list of dentists and registered dental hygienists who offer dental services on a free or reduced cost basis if you ask for it.

Enclosed you will find a copy of the approved NYSED Student Health Examination and Dental Health Forms.

- A copy of the health examination must be provided to the school within 30 days from when your child first starts at the school, and when your child starts K , 1st , 3rd, 5th, 7th, 9th, & 11th grades. If a copy is not given to the school within 30 days, the school will contact you.
- If your child has an appointment for an exam during this school year that is after the first 30 days of school, please notify the Nurse's Office of your child's school with the date.
- Communication between private and school health staff is important for safe and effective care at school. Your healthcare provider may not share health information with school health staff without your signed permission. Please talk to your provider about signing their consent form for the school at the time of your child's appointment for the examination.

We suggest you make copies of the completed forms for your own records before sending them to your child's School Nurse's Office.

Sincerely,

Diana Rich

Estimados padres/tutores:

La ley del estado de Nueva York requiere un examen de salud para todos los estudiantes **entrando al distrito escolar por primavera vez y al comenzar los grados Pre-K o K, 1, 3, 5, 7, 9 y 11.**

Un médico licenciado, asistente médico licenciado o enfermera practicante licenciado debe completar el examen.

Se pide al mismo tiempo un certificado dental lo cual declara que un dentista o higienista dental ha examinado su hijo(a). La escuela proveerá una lista de dentistas e higienistas dentales registrados quienes ofrecen servicios dentales gratuitos o a precio reducido si se lo pide.

Adjunto se encuentra una copia de los formularios del examen de salud de estudiante y de la salud dental.

- Una copia del examen de salud se debe entregar a la escuela dentro de 30 días desde el primer día que comienza su hijo(a) las clases, y cuando su hijo(a) comienza los grados K, 1, 3, 5, 7, 9 y 11. Si no entrega una copia a la escuela dentro de 30 días, la escuela lo contactará.
- Si su hijo(a) tiene una cita para el examen durante este año escolar que sucederá después de los primeros 30 días, por favor, notifique la oficina de la enfermera de su escuela de la fecha de la cita.
- La comunicación entre el personal médico privado y el personal médico escolar es importante para el cuidado seguro y efectivo en la escuela. Su proveedor de servicios médicos no puede compartir ninguna información de salud con el personal médico escolar sin su permiso escrito. Por favor, hable con su proveedor de servicios médicos acerca de firmar el formulario de consentimiento para la escuela durante la cita del examen físico de su hijo(a).

Sugerimos que haga copias de los formularios completados para su casa antes de mandárselos a la oficina de la enfermera de la escuela de su hijo(a).

Atentamente,

Diana Rich

Please complete Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist/dental hygienist to fill out Section 2. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.</p>
