

COMMON APPLICATION

The **Common Application** is a not-for-profit organization that provides an admission application (online and in print) that students may submit over 400 colleges and universities. Once completed online or in print, copies of the Application for Undergraduate Admission can be sent to any number of participating colleges. The same is true of the School Report, Midyear Report, and Teacher Evaluation forms.

If you plan to use the Common Application for several colleges, please be sure to submit a completed Common Application packet for each college, e.g., one application packet per college. The procedure is the same for students who apply online via the Common Application. College applications will be mailed to the individual colleges, therefore separate application packets (and application fees) are necessary. Please make sure to adhere to the individual college's application deadline as well.

N.B. Along with the Common Application, forms include:

1. Secondary school report
2. Two teacher evaluation forms (see attached example)
3. Mid year report form
4. Supplemental applications**
5. Early decision agreement form (if required)
6. Art or athletic supplement (if required)

These required forms must be submitted to the appropriate personnel, in a timely fashion.

** Supplemental applications are required by the majority of Common Application colleges, in addition to the college application. You must submit a supplemental application if it is required by the institution, along with the college application. Supplemental applications can be downloaded at www.commonapp.org or via the individual college websites.

Please visit www.commonapp.org for a complete listing of participating colleges and universities.
