

## How They Relate

\* Evaluators know and look for the content of CCLS during observations

\* Leaders are knowledgeable and look for the ELA and Math shifts during observations

\* Leaders look for text based questioning

\* Interim Assessments Reflect CCLS

\* Teachers and Leaders Analyze results within 48 hours

\* An action planned is calendared to address CCLS weaknesses

\* Leaders and Teachers develop a culture around data

- \* State and Local Assessments are worth 40% of teacher evaluation.
- \* Evidence based observation and documentation of meeting NYS teaching standards
- \* The goal of APPR is to improve instruction through a team approach
