RE: Professional Development Activities 2011-12

Below are the professional development activity dates which are currently planned for the Spring 2011-12 school year. We are providing you these dates as required, so you may plan your personal calendar accordingly. Attached is a list of activities that are grade level and department specific that teachers must attend in order to implement ongoing district initiatives, such as AIMSweb and Differentiated Instruction. The Fall dates were sent to you in February, 2011.

All ATH members will complete all hours (13 for tenured faculty and 21 for non-tenured faculty) through attendance of some combination of activities of the dates listed below. See your supervisor to develop your professional learning plan. You will need to register for activities through MyLearningPlan.com. Additional information will follow.

Thank you for your anticipated cooperation.
