The new design extends our opportunity to keep you informed about the Library's best offerings. We hope it enhances your experience of the library!

We welcome feedback. At the website - www.thehuntingtonlibrary.org - in the left sidebar, select *Contact Us*, click on the button that says "Questions/Comments," fill out the form online and submit it to Community Services.

Michael Bogin Appointed Director of Huntington Public Library

The Huntington Public Library Board of Trustees has appointed Michael Bogin as the organization's next Library Director. Bringing twenty-seven years of Suffolk County public library expertise to the role, Bogin will work with the Board, staff and community to guide the evolution and direction of the Library.

Bogin assumed the role of Director on July 1, 2012, having served as the Library's Assistant Director for the past eight years and having been employed by the Huntington Public Library for sixteen years. He took the place of Debra Engelhardt, who served as Library Director from 2009 until her departure in June 2012 to take on the role of Library Director at the Comsewogue Public Library in Port Jefferson Station, New York on July 2.

Ann Scolnick, Library Board President, said: "Mr. Bogin has continually demonstrated an ability to lead and brings a wealth of experience to the position. He is tremendously valuable to the Library.

We [the Board] enjoyed working with Ms. Engelhardt and wish her the best in her new job."

Debra Engelhardt, outgoing Library Director commented: "It was a pleasure working with Michael in an administrative capacity. I learned a great deal from him and am pleased about what will surely be a smooth administrative transition for the Library."

Michael Bogin commented: "I'm honored to be entrusted with the responsibility of leading the Huntington Public Library. I'm looking forward to working closely with the Board, staff, and the community on the constantly evolving process of cultivating dynamic library service. I can't wait to get started on the next chapter in the story of the Huntington Public Library."

Trustee Profile: Paul Ehrlich

Paul Ehrlich has lived in Huntington for over 45 years. A retired businessman, Paul's last position was as co-founder and Executive Vice President of Powercenter Software, Inc. He and his wife Laurie have two grown children, John and Robert.

Elected to fill a vacancy on the Library Board of Trustees in 2011, and re-elected to a full term in 2012, Paul now serves on two Board Committees (Long Range Planning and Library Development, and By Laws and Policies). Paul believes his business experience in the private sector is a perfect complement to the diverse backgrounds of the other trustees.

"Public libraries all over the country are going through a transformation. The long range planning of resource allocation is vital and will be a primary role of the trustees. Libraries are no longer simply a book repository. They have taken on new roles, including that of a media center where patrons in the community can work, study or entertain themselves." Paul adds, "The limits put upon the library by the economy and the tax cap create a need for a trustee who recognizes this transformation and has the background to provide leadership. My business background has given me the needed insight and experience to address these challenges."

The Media and Child Health

For parents, caregivers, and professionals working with children

Thursday, October 18 • 7:00 pm

Open to all • Auditorium (HMJ503) • Registration begins August 27, at 10:00 am.

Dr. Michael Rich is Director of the Center on Media and Child Health at Children’s Hospital, Boston, and Associate Professor of Pediatrics at Harvard Medical School and Harvard School of Public Health.

Today’s children are growing up in a world transformed by interactive media. As parents and others who care for children, how can we tell if these media are helping or hurting them? How can we make sure that their media environment supports their health and development?

As a pediatrician and former Hollywood filmmaker, Dr. Michael Rich, the world’s first “Mediatrician,” is uniquely qualified to answer questions concerning media and its effects on the health and well being of children. Dr. Rich uses scientific evidence about the powerful positive and negative effects of media to advise young people and those who care for them on how to use media in ways that optimize their development.

Dr. Rich has been instrumental in supporting the development and expansion of the Center on Media and Child Health database of research, the first searchable online database of citations on media and child health, which is freely available online.

"Democracy in America"

by Alexis de Tocqueville (1805-1859)

Monday, September 24

Young French aristocrat and lawyer Alexis de Tocqueville toured America for nine months during the administration of Andrew Jackson. We'll read Tocqueville's observations on how equality affects the entire social fabric. Harvey C. Mansfield and Delba Winthrop state, "Democracy in America is at once the best book ever written on democracy and the best book ever written on America."

"An Enemy of the People"

by Henrik Ibsen (1828-1906)

Monday, October 22

Ibsen was a great dramatic innovator for the manner in which he took up serious societal concerns in his plays. The protagonist of "An Enemy of the People" is Dr. Thomas Stockmann, a physician who "blows the whistle," when a polluting tannery opens upstream from the spa resort in which he and his family live. For his actions, a mob condemns him as an "enemy of the people." Ibsen's drama foreshadowed the many dilemmas of economic growth and environmental concerns that have continued into our own day.

What unfolds are two stories, generations apart, but everlasting in their universal notion of love, hope and friendship.

Auditorium (HMA322)

Le Havre September 10

(NR) (Finland, France & Germany, 2011) (93 mins)

Academy Award Nominee Best Foreign Language Film

In this warmhearted portrait of the French harbor city that gives the film its name, fate throws a young African refugee into the path of a well-spoken bohemian who works as a shoe shiner. A political fairy tale that is a charming, deadpan delight.

A Separation (Jodaeiye Nader az Simin)

(PG-13) (Iran, 2011) (123 mins)

Academy Award Winner Best Foreign Language Film

A married couple is faced with a difficult decision - to improve the life of their child by moving to another country or to stay in Iran and look after a deteriorating parent. A sublime and

utterly heart-wrenching Iranian drama that raises painful moral questions.

The Hedgehog (Le Hérisson) October 15

(NR) (France, 2009) (100 mins)

Inspired by the beloved *New York Times* bestseller, this French tale of a prickly concierge, and the 11-year-old girl who helps draw her out of her shell, is a terrific, wise, moving comedy-drama about love, life and the beauty of unexpected friendships.

Footnote (Hearat Shulayim) October 29

(PG) (Israel, 2011) (103 mins)

Academy Award Nominee Best Foreign Language Film

This intellectual comedy of two Talmudic scholars, set in present-day Jerusalem, explores how a simple mistake leads to a divide between father and son, or perhaps just widens one that had already existed for years. A wonderful satire and poignant family drama that investigates the competing claims of honesty, loyalty, ambition and love.
