Mission Statement

LICADD's mission is to address the addictive climate of our times by providing initial attention and referral services to individuals, families, and children, through intervention, education and professional guidance to overcome the ravages of alcohol and other drug-related problems

Prevention through Education: provides alcohol and other drug risk education for individual, family, and communities from kindergarten .through adulthood. Our evidence-based programs include *Too Good for Drugs* and *Teen Intervene*. Our *Student Assistance Program* delivers comprehensive services to educators, parents, and high school students. Our educational services include adolescent evaluations, elementary and middle school interactive modules, support services for children of addicted parents and parent-child communication workshops. A broad range of problem-solving presentations can be custom designed and delivered upon demand for higher education institutions, business groups, faith-based, and community organizations.
