RON WILSON

THE MAN, THE MYTH, THE LEGEND

The Cookout King

Ron Wilson is known for his signature cookouts. Specifically, his signature BBQ ribs and fried chicken.

The Dream Dean

Ron Wilson is the Dean of the 9th and 10th graders and is respected by all students and faculty.

The Athlete of Athletes

Ron Wilson is known as one of the most genuine likable coaches throughout the school and in Track and Field/Football.

A Man Of Many Talents

The Dream Dean

Ron Wilson is known as the Dean of the 9th and 10th graders. He may be the Dean but he knows how to balance his professionalism with his reliability to the students. Coming from personal experience Wilson takes care of his players in particular he always makes sure everyone gets home safe from practices and will check up on you countless times whether it is over through the phone or in school.

The Cookout King

Ron Wilson is also known for his signature BBQ cookouts. Though I have not personally tried it yet, I have heard from multiple people and himself that his ribs and fried chicken are his signature dishes.

GETTING TO KNOW MR. WAGNER

BY JONATHAN LARICE

Mr. Wagner has Huntington High School for 3 years now. Growing up near Huntington landing a job at Huntington High School was a dream come true. Although he has only been here for a short time, he has had a great impact on his students and colleagues. He loves building relationships with everyone in the building and has an impact on all students and staff day in and day out. Although it has been hard to do this as many students were virtual for most of the year, he has still been able to make a connection with all of his students with his personality which brings everyone in the room up.

" Each day is different and I enjoy the opportunity to come in and talk to my students and colleagues about everything from school to outside activities."

When Mr. Wagner is not in the classroom enlightening students, he enjoys watching football and is even a coach. His interest in football goes even further back, playing at a collegiate level at Stony Brook University. He also enjoys snowboarding, occasionally taking weekend trips to snowboard when the time is right.

ROBERT GILMOR

EVERYONE'S FRIEND

By Noa Kimmelman

Robert Gilmor is Huntington High School's dean of student support. He graduated from the College of Wooster in Ohio. He earned a Master of Social Work at SUNY Stony Brook in 1994. He later obtained his certification as a school administrator from Long Island University. After working through the Elwood School District from 1997 through 2003, he was hired as the dean of students at Huntington High school from 2003-present. Soon after he was hired, Gilmor wanted to establish a Habitat for Humanity chapter for Huntington High School as early as he could. Habitat for Humanity is a worldwide organization dedicated to eliminating poverty and homelessness by building housing side-by-side with those in need. The high school's Habitat chapter was founded by Mr. Gilmor in 2003. He has done amazing work for people in dire need.

He has a 16 year record of helping victims of catastrophes both near and far as well as being the driving force behind building a house right here in Suffolk for someone in need of shelter. He is also a faculty advisor for a club called Natural Helpers which goes hand in hand with Habitat for Humanity. Natural Helpers is a club which features well-trained students helping their peers work through personal issues and challenges both big and small. Along side of both clubs being run by Gilmor and thriving because of him, students have also come to love Gilmor as more than a teacher, they see him as a friend and mentor. He has supported all of his students through every challenge and failure they endure. Students come to him for friendly advice or to ask questions about their future. Gil always has the right answers and students see him more and more everyday because of his positive attitude.

HOUSE OF MORELL

KRISTINA MORELL:
The Wunderkind

EXCLUSIVE INTERVIEW:
- What does she do when she
isn't teaching?
- How did her house become
a cat correctional center?

A Star Teacher **On the Rise**

Morell's Shining Résumé

Mrs. Morell has already made an impact inside the classroom, which she states as her goal. When asked about her students, she said, "Getting to know each of them beyond our classroom helps me to understand who they are and how I can better assist them while they're in my room."

However, Morell has quite the rap sheet outside the classroom as well. She loves spending time with her husband and two nieces. "My nieces, Julianna and Hailey, definitely keep us on our toes. We spend most weekends planning different activities to keep us busy. "

Morell also works Jones Beach concerts over the summer, as well as some Ranger games.

Additionally, one of her most notable attributes is her uncanny ability to save stray cats. "My husband and I have been in contact with North Shore Animal League for about a year now to help save these cats in our community. So far, we've been able to rescue 3 cats. We get them fixed, socialize them, and then North Shore adopts them out."

Mrs. Morell positively affects everyone who steps into her classroom, as well as doing good in her community and maintaining a solid family life. She is excited for what the future holds in Huntington.

TEACHING

YEAR 18!

MEET SPANISH TEACHER

ELIZABETH CASAZZA

By Eliana Ng

IN THE SPOTLIGHT

Elizabeth Casazza has been teaching Spanish at Huntington High School for the past 18 years. What she loves most about teaching, is getting to know her students. She gets to watch the students she has a freshmen graduate from the school, which makes her feel nostalgic. Aside from teaching, Mrs. Casazza also runs the yearbook club, where she puts together memories that will stay with students forever.

Outside of the classroom, Mrs. Casazza has many other hobbies. She is a proud mother to two sons, she loves music, and enjoys watching comedy movies and sports, and spends as much time with family as possible. One of her passions is travel, and she hopes to walk "El Camino de Compostela", a 500 mile pilgrimage that starts in France and ends Galicia, Spain.

Elizabeth Casazza is one of Huntington's most valued teachers, and a woman of many interests.

ALL ABOUT EARTH SCIENCE

Mr. Miller has been teaching for 10 years, 5 of those being at Huntington. He currently teaches Earth Science which is a subject that he loves. When asked his favorite part about teaching Mr. Miller responded, "seeing my students enjoy science, and have those 'aha moments' is truly one of the best parts of teaching". He enjoys being able to share his enthusiasm for science with his students.

WHO IS MR. MILLER OUTSIDE OF THE CLASSROOM?

Mr. Miller loves to hang out with his wife and two kids and their dog Lincoln. Some of their favorite things to do include going to the beach, riding bikes, going to the dog park, playing beach volleyball and hiking. He is also a world traveler having been to Ireland, Germany, Costa Rica, Holland, Key West, and many other places.

TEACHING

ENGLISH TEACHER, KELLY KRYCINSKY

Written by Eliana Ng

Kelly Krcynski is one of Huntington High School's most valued teachers. Her career began as a student teacher in the same classroom she teaches in today, 22 years later. Mrs. Krcynski's enthusiasm has made her well loved by students, and according to her, "[the students] keep me smiling and they keep me young at heart".

When she's not teaching, you can find Mrs. Krcynski hanging out with family, as well as playing guitar and singing. She loves writing music and as of this year, she is an official lyricist! She also supports the charity, Rachel's Dance For the Cure, which raises money to help children battling with cancer.

Mrs. Krcynski is a very busy woman, yet she finds the time to pursue her passions and uses them to make herself the best version of herself.

HOW LONG HAVE YOU BEEN TEACHING?

I have been teaching for 7 years, while only 7 of them were at Huntington

WHAT IS YOUR FAVORITE PART ABOUT TEACHING?

Spreading the wonder of science! My favorite events so far have been our Relay for life in which I had two teams.

WHAT DO YOU DO WHEN YOU AREN'T TEACHING?

I have too many hobbies. I love to exercise, anything outdoors, golf, hiking, skiing. I've recently gotten into biking. I love most sports, fantasy football is part of my life. The picture of me playing saxophone was my punishment for coming in last one year!. Other than that I read plenty of books, I'm always looking to learn new things!
