## **Boys' and Girls' Track and Field and Cross Country**

Huntington High School students currently enrolled in grades 9-12 are invited to participate in an intramural boys' and girls' track and field and cross country program. These school sponsored sessions will include general conditioning and training along with an opportunity to learn more about running and field events. If you are interested in track and field or cross country, this intramural program is for you.

**The program will run on Tuesday and Thursday afternoons from 5-7 p.m. at Blue Devil Stadium beginning on July 6.**

Attendance at all sessions is not required. Participate when it is convenient. Explore a variety of running and field events as individual interest dictates.

In case of inclement weather that day's intramural session is cancelled.
