

ImPACT Concussion Baseline Testing Information Sheet

Any Huntington High School student athlete in a fall contact sport (football, soccer and field hockey) is invited to take the ImPACT concussion baseline assessment.

The assessment evaluates your brain's ability to remember words and symbols. It also evaluates your reaction time. There is no grade, however, you want to complete each part of the evaluation as quickly and as correctly as possible. There is a 45-minute time limit. You will know that your evaluation has been recorded successfully when you get to the page asking you if you'd like to print or email your results. There is no need to do so, you may simply close out once you reach that page.

There are step-by-step instructions included in bold lettering below.

Please click the link to begin:

<https://www.impacttestonline.com/htmllauncher/>

Enter customer code: CPDX84SMTK (does not need to be all caps)
