

The District has filed Section 211 waiver applications with the New York State Teachers' Retirement System (NYSTRS) for Jarrett Stein, Interim Director of Safety and Security, and Michael Marinello, Athletics, Health and Physical Education Coordinator, to permit their continued employment during the 2026–2027 school year following their retirement. Approval of these waivers allows the District to retain their expertise and leadership in these critical administrative roles while remaining in compliance with applicable retirement and employment requirements.
