

HUNTINGTON UFSD CELL PHONE INFRACTION DATA 2025- 2026

Per New York State Law, each school district, charter school, and board of cooperative educational services (BOCES) must publish an annual report on its website detailing enforcement of its distraction-free schools' policy during the prior school year.

The first annual report must be published no later than September 1, 2026, with subsequent reports published by September 1 each year thereafter.

The report must include non-identifiable demographic data regarding students who faced disciplinary action for noncompliance with the policy and an analysis of any demographic disparities in enforcement.

If a statistically significant disparate impact in enforcement is identified, the report must also include a mitigation action plan. Since the enforcement data aligns with the district's enrollment demographics, no mitigation plan or detailed analysis is included herein.
