

Mission Statement

Through the years, the Huntington interscholastic athletics program has played an important role in the lives of students and community members. An integral part of the department of physical education, organized athletics in the Huntington Public School District dates back more than one hundred years. Since the inception of sports teams here, our students have won every possible honor bestowed on high school athletes.

The Huntington Booster Club has been established to promote and encourage extracurricular activities, particularly athletic sports, for the students of the Huntington School District. The goal of the Booster Club is to provide financial support for annual awards, purchase of equipment, summer sports programs, and refreshments at athletic events and sports awards nights. The primary focus of the Booster Club is to financially enhance the district's physical education and athletic department budget in support of all sports. This is accomplished through annual membership dues and other fundraising throughout the course of the year. To fulfill our goals we ask that all families, particularly those with student-athletes at Finley Middle School and the High School, support the athletic programs in the district by becoming a member of the Huntington Booster Club.
